Adroddodd Cyng. M Evans am gwrs Cynllunio mynychodd yn diweddar. Dylai pob cais cael adroddiad gan tirfesurydd yn amlinellu unrhyw problemau. Dylai unrhyw penderfyniad canolbwyntio ar y safle dan ystyriaeth yn unig. Gofynnodd Cyng. S James gan fod ceisiadau yn cyrraedd yn hwyr beth oedd yr awdurdod yn disgwyl i gynghorau cymuned i wneud – roedd y penderfyniad terfynol wedi'i benderfyni. Parhaodd Cyng. Evans wrth dweud dylai penderfyniadau cynghorau cymuned canolbwyntio ar y lles i'r gymuned nid ar faterion technegol. Cynigodd Cyng. S James creu meini i sgorio ceisiad i sicrhau cysondeb. Cllr M. Evans reported on a planning course he recently attended. Every application put before a community council should be accompanied by a surveyors report outlining any problems. Any decision should be made solely on the site in question. Cllr. S James asked as applications were made quite late for the timetable what were community councils expected to decide on – the final decision had usually been made. Cllr. Evans continued by stating that community councils should decide on the benefits of applications not technical merits. Cllr James proposed developing criteria to score applications and ensure consistency. This was seconded by Cllr E Reynolds. Members agreed to wait for an officer from the County council to address the Council on the new LDP before developing this proposal. Cllr Evans concluded his report by stating the importance of considering the dis-advantages over the advantages of each application.
